August-November 2023

GEARING UP FOR FILING NAAC RELATED DOCUMENTS

- Constitution of NAAC Steering Committee vide letter dated 12.08.2023; it was mutually resolved that since the lag of last accreditation was more than 15 years and no AQAR during the intermittent period was filled hence our institution would apply for accreditation under fresh cycle.
- The dynamic team of IQAC initiated dialogue and correspondence with institutional stakeholders, Department In-charges, Account office, OS, Library, various committee coordinators) to gear up for the process and formats to fill SSR were shared with them.
- The IQAC team initiated correspondence with NAAC authorities to fill SSR. However, NAAC communications clarified that it would consider our institution for Second cycle and that mandated the filling of past AQARs, for five years at least.
- Again, the IQAC team started afresh for filling the past five years AQARs from 2018-19 till the last completed session 2022-23. In absence of any documented records as per NAAC requirements and changed data formats during this five-year span, it was a daunting task. This mammoth task of NAAC reports filing was distributed across seven criteria structure in a chronological manner and all the team members worked tremendously hard to accomplish this feat together.
- Because of the hard and earnest work of IQAC team and the support of institutional stakeholders, our institution was able to complete the five year AQARs in a record time of FIFTY FOUR DAYS (practically less than two months' time).
- Besides this, IQAC started introducing new reformative procedures necessary for NAAC at institution wide level to strengthen the institutional profile.
